

## **Child Find Notice(504)**

In accordance with Section 504 regulations, the Appling County School system seeks to ensure that all disabled students who are in need of special education within its jurisdiction are identified, located, and evaluated. Final identification of students with disabilities and programming for such students occurs only after an appropriate evaluation and a determination by a Multidisciplinary (504) Placement Team.

If the "child find" process indicates that a student may require supportive services under Section 504, in order to access their regular education, the student shall be referred to the Multidisciplinary (504) Placement Team to determine the student's eligibility under Section 504.

If you know a child with a disability that is not being served, please notify:
